Health Board Seeks Parents' Aid

WILMINGTON A RAPIDLY GROWING TOWN

The following news release will be of interest to the citizens of Wilmington. It appeared in the October issue of the "Christian Outlook", official publication of the Massachusetts Council of Churches.

During the past summer the Church Council made a survey of the community to determine the religious affiliations of its people, and among the conclusions arrived at are the following.

1. Wilmington, an old town is rapidly becoming a heavily populated suburb.

2. A town of 5564 in 1945, it now has about ten thousand residents.

3. The residents appear to be about 50% Roman Catholic, about 15% Jewish, and about 41 percent of Protestant preference. The current Protestant potential in Wilmington is between 4100 and 4500 persons. A total double this number is in prospect for the relatively near future.

4. In recent years the Protestant churches have grown at a rate faster than the rate of the increase in the general population.

5. The number of Protest-

ant churches in Wilmington appears sufficient to meet present needs, but very likely, in the near future, one or two new churches will be needed.

It should be pointed out that since the date of the survey one new church has already been organized, the Baptist Church, now meeting in the Grange Hall. The other churches are the Forest St. Congregational Church, the Congregational Church in Wilmington (organized in 1733), and the Wilmington Methodist Church.

Their Pockets Will Jingle

On Wednesday, Nov. 7, it was reported to police that someone had broken into the garage at the pumping station on Andover St.

The thieves made away with approximately three dollars worth of nickles from a coke machine. Damage to the coke machine was not estimated.

Officers Kelley and Shepherd investigated the incident.

LARGE SHIPMENT OF FOREIGN WINES AT SHAMROCK DRIVE-IN

For those who enjoy fine imported wine with their Thanksgiving Dinner, Shamrock Drive-In has collected hundreds of bottles of choice vintages from vineyards all over the world. Perhaps you are not a connoisseur of fine old wines... even so, this collection is an education in itself. From such far off and remote places as the Madeira Islands which lie just off the coast of Spain and far into the European Continent comes wines to tickle the palate of the most discriminating gourmet. For the ex G.I., Saki from Japan and Hawaii, will bring back nostalgic memories. Strawberry wine from Denmark... Ger-

many, Yugoslavia and Alsace offer a multitude of gaily colored stone crocks containing wines grown in the vineyards and aged in the ancient ways of these countries. War torn Hungary also offers wines, and from Italy Spain and Portugal comes the traditional wicker basket-covered bottles with the sweet or tart wines so prevalent in these countries. Over fifty different French wines were counted by this reporter and Harold Foley, Manager of the Drive-In says, "there are over 200 different kinds of French wines alone in this huge collection."

ENCOURAGEMENT FOR VICTIMS OF HUB CAP THEFTS

At Woburn Court on Nov. 9, Joseph McHugh found guilty of larceny of hub caps from the car let owned by Fred Cain. The stolen property was returned to

its rightful owner and Mr. McHugh was placed on probation for six months. Sergeant Imbimbo prosecuted.

WATER PETITIONS AT TOWN HALL

The Board of Water Commissioners has announced that petition forms for the installation of water mains in 1957 (under Chapter 232 of the Acts of 1955 Betterments) may be obtained at the Town Hall and the Pump-

ing Station at Brown's Crossing.

Petitions will be accepted for consideration until December 31, 1956 and should be addressed to the "Board of Water Commissioners, Town Hall, Wilmington."

Lost Violin

A little girl has lost her violin and her heart is breaking. If you picked up this instrument at the corner of Salem and Cunningham Sts. on the morning of Nov. 9, please notify police immediately.

The intersection of Salem and Cunningham Sts. is a school bus stop. A small girl, the daughter of Mrs. Kelley of Essex St., was on her way to school and during the day would have taken a music lesson. Becoming engrossed in the games of her school chums, she laid her violin on the ground and forgot it when she boarded the bus.

Shortly after boarding the bus, the girl remembered her violin, but upon returning to the bus stop, she found that it was not there.

Police are investigating the loss, but all they really want is the little girl's violin back.

Fender Skirts Stolen

It was reported to police on Tuesday, Nov. 6, that two fender skirts were stolen from an automobile parked in Altman's parking lot. The vehicle from which the skirts were taken was the property of Tim Cunningham. Officer Kelley is investigating the theft.

Awarded Certificate

Mrs. Norma O'Connors of 38 Swain Rd., Wilmington, has been awarded a certificate that reads "Certificate awarded to Norma O'Connors by the Vets Administration in recognition of an outstanding contribution to the improvement of operation resulting from superior performance. Given at Bedford V. A. Hospital, Nov. 9th, by Winthrop Adams, M.D., Manager."

A MESSAGE TO PARENTS OF TEEN-AGERS FROM YOUR BOARD OF HEALTH

Crusader Editor Doing Fine

Henry Filippone, editor of this newspaper has been confined to the Lawrence Memorial Hospital in Medford for the past week, following a serious back operation.

Mr. Filippone has been progressing nicely and it is hoped that he will be able to take up his duties as editor in the very near future.

He returned home Monday and will take it easy for a few weeks.

Welcome To Newcomers

Recent newcomers visited by Welcome Wagon Hostess, Marion Woller. Mr. and Mrs. Richard Draper, 3 Gunderson Rd., No. Wilmington; Mr. and Mrs. George Maynard, Oakdale Rd., No. Wilmington; Mr. and Mrs. Joseph Zuccola, Oakridge Circle, No. Wilmington and Mr. and Mrs. Carl Melander, Jr., North St., No. Wilmington.

Guilty Of Passing Bad Checks

On Wednesday, Nov. 7, James Jewer of River St., was found guilty, in Woburn Court, of passing bad checks. Mr. Jewer was placed on probation and he will be required to make restitution to those who accepted his worthless bits of paper.

Chief Lynch prosecuted the case.

(Political Advertisement)

THANKS

To my loyal friends and faithful supporters. I am deeply grateful for the confidence you placed in me and I shall never forget your fine endorsement of me on election day.

Signed,
Joseph M. Curley

N-7-8

The response of teen-agers and their parents to receiving of the Salk Polio Vaccine has been very disappointing for those teen-agers who are outside of the school system. It should be borne in mind by the parents that almost all the younger children (approximately 98%) have received at least two shots of Polio Vaccine and will be receiving a third shot in April. This will make them immune to the crippling disease of poliomyelitis. Although these children are immune, they still can be carriers of the disease and can infect their older brothers and sisters who are not so protected.

The teen-age group is very susceptible to polio and should be vaccinated either in a doctor's office or one of our clinics. The program for furnishing free vaccine will end on June 30, 1957. After that date, the polio season will again be upon us and the children will not have the protection so necessary for their health. It shall be, therefore necessary that these children receive the first shot before the end of November and the second shot three to four weeks later in December as their third and final shot cannot be given until six months later which will be quite near June 30, 1957.

The Board of Health has enough vaccine to take care of this group. If necessary, it will establish clinics at a time most favorable to the majority of the teen-agers.

Won't you please register for your teen-age children! Wilmington Board of Health Vinal E. Lewis, Chairman Patrick A. Thibau, Agent

Porch Rail Broken

At 8:30 p.m. on Saturday, Nov. 10, Paul Farrell of Mass Ave., reported to police that a car had backed into his yard and broke his porch rail. After doing this damage, the vehicle sped away.

Officer Shepherd is investigating the incident.

CORRECTION

Due to a typographical error the...

GarSon's adv. appearing in this paper last week should have read...

"Serving Woburn and surrounding communities for the past two decades at the G & S Dress Co."

A tall attractive blue-eyed blonde is first in line for the 1957 Maid of Cotton title. Jo Beth Stevens of Deming, New Mexico, has been chosen to represent her state in the finals. She will fly to Memphis in late December to compete with 20 other southern beauties from Cotton Belt states for the honor of serving as good will and fashion emissary for the cotton industry. The National Cotton Council announces the official opening of the contest this month.

WILMINGTON EDGED BY TEWKSBURY 14-0

In the annual renewal of the Wilmington - Tewksbury rivalry last Saturday at the town park, Tewksbury, paced by star-half back Dick O'Neill, not only won the annual game, but won the Suburban League title as well.

Coach Charlie Hazel's charges were just a little bit too much for their Wilmington foe who closed out their second winless season in as many years. The locals provided surprisingly tough opposition for the champions and were in contention until the final minutes when O'Neill scored his second official T.D. of the day.

Tewksbury's offense was greatly slowed down as they drew no less than eleven penalties during the game, lost four fumbles, and had two touchdowns called back because of offside violations. Wilmington's defense, led by guard Ross Coombs, who received the most valuable Wilmington player trophy, proved very formidable as we were much more stubborn than anticipated.

The closest Wilmington came to a T.D. was in the third quarter when the locals recovered a Tewksbury fumble on their twenty-one yard line, but could advance no further. Offsides hurt both teams however, as Tewksbury was forced to punt in the first period and the play was called back because of a Wilmington offside. With the opening of the second period, Tewksbury was awarded 5 yards on the penalty and Tewksbury decided to go for the yardage and succeeded. Three plays later O'Neill scored on a line back play, and the conversion made the score 7-0. That was the way it stood until the warning minutes of the game when O'Neill again burst loose for a 60 yard gallop and paydirt. Allen then made his second conversion of the game and the final score was 14-0, Tewksbury.

THE FORWARD LOOK

By Parker Prindle

Henry Ford demonstrated the idea of mass production by his invention of the "Model T" Ford. His theory was the more you make at a lower price, the more you can sell - the more you can make. American economy has been built on the foundation of giving everyone an equal opportunity of obtaining what he wants at the lowest possible prices. Under this system everyone can share the fruits of his labors and at the same time enjoy a constantly increasing standard of living.

The future is something wonderful to contemplate. With man's newest servant,

the atom, kept under control, we all stand on a mountain plateau. If the atom is used the wrong way, our civilization, as the ones before it, will come crashing down, burying us under the useless rubble of man's foolishness. On the other hand, if we use the atom the right way, we can continue to climb forward until we reach the very stars!

The future which is not so very far away holds tremendous promise of being the greatest period of all history. The city of the future will be like none that has ever existed, for the city as we know it is doomed - doomed by the constant strangling crush of motor vehicles. The new city will, on the surface, be all grass, trees, and tall concrete buildings. Below the surface will be a maze of caverns and tunnels, all having been

hewn out of the earth and rock. This will be where all the cars, trucks and public transportation facilities will be located. Monorail systems will stretch themselves like giant spider webs across the broad farm plains that will surround the city of the future.

Above in the sky, passenger and mail carrying rockets will roar across the continent in an hour. Above all this in the outer atmosphere, we will be building a space platform, the jumping-off place for the exploration of the moon and beyond. The rockets will be powered by the same atomic energy that will run everything in this world of the future. Cheap power will make the smokeless, dustless factories possible with a twenty-hour work week, and with production that is undreamed of today.

The average American, you and I, will work fewer hours, receive better pay, live more comfortably, and have more time for relaxation than the richest man does today. All of this will be possible if the tiniest thing in the world, the atom, is turned from mankind's greatest enemy to his greatest friend, from his greatest fear to his greatest hope for a bright new world.

RALLY

By Ruth Howell

Friday, Nov. 9, the annual Tewksbury rally took place. The students assembled at the high school at 6:45 p.m. After several cheers and songs from the student body, led by the Cheerleaders and football team, they proceeded up Church Street, follow-

ing the Wilmington Police Cruiser. During the march across Clark Street and down Middlesex Avenue, the group consisting of about three hundred students, stopped several times to cheer with the Cheerleaders.

Upon arrival back at the high school parking lot, the school spirit continued to mount.

Short talks were given by Mr. Collins, Superintendent of Schools, Mr. McMahon, Principal of the High School, George Spanos, unofficial mayor of Wilmington, Coaches Keady and Beilissimo, Co-Captains Rosa and Cavallaro, and Co-Captains Besdeos and Howell. After speaking, Larry Cushing announced that they would proceed to the common for the burning of the dummy. When the burning had been completed, the rally was then called to a

close.

The main theme of the speeches was to encourage the need of school spirit to the team, coaches, and student body.

ACCIDENT ON WOBURN ST.

On Saturday, Nov. 10 at approximately 3:30 a.m. an accident occurred on Woburn St., between Federal and Concord Sts., in the vicinity of Jinx.

Herbert Towne of Oliver St., Tewksbury was the operator of the only vehicle involved. Mr. Towne struck a guard rail and broke a telephone pole. Some damage was done to the automobile, but the driver escaped without serious injury.

Sgt. Sidelinker and Officer Cuoco investigated the accident.

What puts the Mark of Tomorrow in the new kind of FORD?

Here's what puts the Mark of Tomorrow in the new kind of Ford!

It's the sculptured look. You'll see it the moment you let your eyes wander over this fine car. In a '57 Ford you belong... anywhere. It's the long, lean lines. There's a greyhound grace to the new Ford. No useless "fat," no showy "padding." Ford is as trim as a jet fighter. It's the hardtop styling. Fairlane sedans have the hardtop look of Victorias! Superthin center pillars are smartly concealed to give hardtop beauty when doors are closed.

It's the freedom of choice. Colors? Fabrics? Accessories? Far more! Ford gives you a choice of two new, bigger sizes... longer, lower, roomier!

It's the ride that stays gentle. With a new frame that rides sweeter and lower, new springs, new suspension all around, even the roughest roads can't ruffle the poise of the new Ford.

It's the Thunderbird power. Ford celebrates its Silver Anniversary of V-8 leadership with the biggest selection of V-8's in Ford history.* In addition to all this Thunderbird GO, there's a new and more powerful Mileage Maker Six.

"Six or V-8,
the going is great!"

Just looking at this Fairlane Club Sedan is a special kind of fun!

It's the record-breaking performance. On the Salt Flats at Bonneville, Utah, a '57 Ford traveled 50,000 miles in less than 20 days... an average speed of 108.16 mph, including all pit stops! Another Ford averaged over 107 mph. Altogether, 458 national and international performance records were smashed as Ford rewrote the record book.

It's the big dollar value that lasts and lasts. Styled for tomorrow, a new Ford keeps its value longer. And wonder of wonders, all this extra strength, extra beauty, extra length is yours at low Ford prices!

*Included is a special 270-hp Thunderbird 312 Super V-8 engine available at extra cost. Also, an extra-high-performance Thunderbird 312 Super V-8 delivering up to 285 hp.

Wise man say:

"Don't wait for TOMORROW when you can get it today!"

'57 FORD

See it... drive it... now!

A greeting card like this is certain to be enjoyed long after the Christmas season is but a memory.

The Christmas Card That No One Else Can Send

Just take a quick look around—and you'll notice counters and windows are suddenly coming alive with fat Santas, shining snowflakes, tinsel and tree ornaments.

So, you see, it's not a bit too soon to decide on a suitable Christmas card for your special holiday greeting this year.

If you're like most of us, you've probably discovered that shopping for an individual-looking card for you and your family is often a disappointing experience. That's why so many people who feel their holiday message should be expressed in warm, personal, individual terms are turning to photographic greeting cards. Nothing but nothing really puts the "strictly personal" stamp on a Christmas card the way a picture of your own taking does. And that picture may be one now in your album that you've taken some time during the year, or one that you shoot with a holiday theme especially selected for "season's greetings."

Your family picture record for 1956 probably contains a number of snapshots that would lend themselves admirably to the task of saying "Merry Christmas."

If you decide to take a special picture for your Christmas card, there are, of course, endless possibilities awaiting your camera. Several of the photographic cards we received last year might spark your imagination. One that we especially enjoyed was a shot of the little girl of the house all togged out in red flannel pajamas and seated on the family hearth "waiting for Santa." Another was a close-up of shiny Christmas balls strung across the mantel. Each ball bore a large letter—and the whole spelled out "MERRY CHRISTMAS." Still another featured a frosted windowpane—a home-grown Jack Frost job done with a soap spray—showing Junior's finger just completing the words "MERRY XMAS" across it.

PARTY FOR DENTAL
CLINIC**

Soon after the opening of school the doors of the dental clinic also open. The dental clinic offers to the school children of Wilmington flu-line treatments at a fraction of their actual cost as well as corrective work as time and funds will allow. While it is true that the dental clinic receives funds from the community fund, their share is growing increasingly inadequate to cope with Wilmington's ever-growing school population. Several of the towns organizations are realizing this great need for expansion and are doing their bit to help. The Wildwood Club is among these groups

to give an all out effort to aid this clinic.

This year the Wildwood Club is having a Toy and Plastic party with all proceeds to go to the dental clinic. The party will be held at the Wildwood gym on Nov. 26 at 7 p.m. and the public is cordially invited. This is your chance to give as well as receive. There will be on sale plastics for everyday living and a great selection of toys for Christmas giving. If the sales reach 100 or over there is to be a lovely walking doll as a door prize. There will also be three wrought iron planters for the highest orders. The products will be on display from 7 p.m. on, and you are invited to browse at your

leisure. Refreshments will be served.

Remember the date, Nov. 26; remember the cause, the dental clinic; and remember who benefits, your children.

BLESSED EVENTS

Recent baby calls made by Marion Woller, Wilmington Welcome Wagon Hostess. Mr. and Mrs. William Davidson of Gunderson Rd., No. Wilmington were blessed with a baby boy.

Mr. and Mrs. Charles Duffy, Jr. of Aldrich Rd., were thrilled with their sweet baby girl.

CONGREGATIONAL NEWS

The Christmas Fair, sponsored by the L. B. S., will open on Thursday at 11 a.m. There will be a public luncheon at noon, and the children will have an entertainment after school. Tea will be served throughout the afternoon.

The Fair will reopen on Friday at 2 p.m. again with afternoon tea. A public chicken supper will be served at 6:30 p.m., and in the evening there will be a program of which the Couples Club is in charge. At the close of the evening there will be an auction sale in case there are any unsold articles.

Thanksgiving worship services will be held on Sunday at 9:30 and 11:00 a.m., with Mr. Cummings preaching. The pupils of the Church School will meet at these same hours, and they will bring the envelopes and bags which have been given out for contributions to the New England Home for Little Wanderers. A brief special meeting of the Church Committee will be held at 12 noon. The Quaintance Club will meet at 5 p.m. The Fireside Fellowship will observe "Parents Night" at 7 p.m., and the fathers and mothers are cordially invited to witness a typical meeting of the

Equity No. 19868

TO

Marjorie I. Wilson, Individually and as Administratrix of the Estate of David B. Wilson, of Wayland in the County of Middlesex; Harold D. Wilson and Mary B. Wilson, both of Wilmington in said County, and to all whom it may concern:

Clarence E. Wedge of North Reading in said County of Middlesex, claiming to be the assignee and present holder of a mortgage on the land in Wilmington, Middlesex County, Massachusetts, with the buildings thereon situated near Clark Street and being shown as Lot A on a plan entitled "Subdivision of Land in Wilmington, Mass., Property of Adah F. Hale" dated September 4, 1934, Dana F. Perkins, Civil Engineer, duly recorded with Middlesex North District Deeds, given by Walter L. Hale, Jr. and Clarence R. Hancock to Lottie E. Yuill, dated October 2, 1934 and recorded in Middlesex North District Deeds in Book 852, Page 240, has filed with said Court a bill in equity for authority to foreclose said mortgage in the manner following: by entry and possession and exercise of power of sale.

If you are entitled to the benefits of the Soldiers' and Sailors' Civil Relief Act of 1940 as amended, and you object to such foreclosure, you or your attorney should file a written appearance and answer in the office of the Clerk of said Court at Cambridge on or before the tenth day of December, A.D. 1956, or you may be forever barred from claiming that such foreclosure is invalid under said act.

WITNESS, Paul C. Reardon, Esquire, Chief Justice of said Court, this thirty-first day of October, A. D. 1956.

Fellowship.

The Girl Scouts meet Tuesday at 3 p.m., and the boys' basketball group will meet in the Wildwood gym at 7 p.m. The Boy Scouts meet on Wednesday at 7 p.m.

A union Thanksgiving service of the Wilmington churches will be held in the Methodist Church on Wednesday, Nov. 21st, at 8 p.m.

ST. DOROTHY'S NEWS

Rev. Father Leahy is grateful to Frank King and the ladies of the parish for the proceeds of last week's Blitz. Another Blitz party will be held this evening, (Wednesday) at St. Dorothy's Hall.

Our turkey whist was a grand success, thanks to the wonderful cooperation of everyone who helped. Special thanks are in order to the chairman, Ernest Crispo and his committee of diligent workers.

Rev. Father Leahy is deeply grateful to Rev. Father Croke of St. Thomas' parish for the exchange of pews and to Frank Walsh for the use of his truck, and to the men of the Holy Name Society for the grand job of arranging the pews and kneelers. Our parishioners were surely surprised to see this wonderful change and for those who haven't attended Mass or Novena service at St. Mary's they will be pleasantly surprised at what has been done. We now have a middle aisle and are therefore able to better conduct our church functions.

Parishioners are urged to

bring articles of used clothing and shoes to the rectory for the Bishop's War relief.

Thursday morning at 7:30 at St. Mary's there will be a requiem high mass for our deceased relatives and friends, and on Saturday morning at 8:30, an anniversary requiem high mass for Francis Barosky.

Religious instruction classes are held for the children of the parish on Saturday at 9:30 a.m. at St. Dorothy's Hall. St. Mary's and the Shawsheen school. Children are urged to bring canned goods to their classes on Saturday. These goods will be given to the Notre Dame Sisters who teach them.

Next Sunday is Communion day for the girls of the parish.

On Friday evening there will be a whist party at St. Dorothy's Hall at 8:30 conducted by Mrs. Patrick Joyce and her committee.

HEBREW COMMUNITY CENTER TO SPONSOR

TURKEY WHIST
Members of the Wilmington - Tewksbury Hebrew Community Center wish to extend a cordial invitation to the public to attend their annual turkey whist. The date for the gala affair is Nov. 15 at 8:00 p.m. at the community center on Salem Rd.

ST. DOROTHY'S WHIST

The regular Friday night whist party in aid of St. Dorothy's Parish Building Fund will be held this week in the Parish Hall, Nov. 16 at 8:30 p.m. Mrs. Anne Joyce of Florence Ave. is Chairman of the party. Any donations of prizes will be appreciated by the Chairman.

A complete turkey dinner will be given away to the lucky winner. Many fine prizes will be awarded the whist winners. Included among these prizes will be chickens, turkeys and other foodstuffs.

Admission will be .75c. For further information, call Ruth Wood, or Frances Razin.

BOOKS NOW ON SALE FOR FIREMEN'S DRAWING

Books are now available on the annual Christmas Drawing held by the members of the fire dept. There are over one hundred prizes listed in these books and for the small contribution of .50c, you may have a chance on all of them.

Books may be obtained from the fire house or from any of the men on the dept.

The drawing will be held on Dec. 18 at the fire station. Visitors will be welcomed. All proceeds will go toward providing Christmas baskets for worthy families.

Quick Relief of PAIN

Ease PAINS of HEADACHE, NEURALGIA, NEURITIS with STANBACK TABLETS or POWDERS. STANBACK is not a one ingredient formula... STANBACK combines several medically proven pain relievers into one easy to take dose. The added effectiveness of these MULTIPLE ingredients brings faster, more complete relief, easing anxiety and tension usually accompanying pain...

A DECADE OF SECURITY THRU GLOBAL AIR POWER

Boston. - Two Greater Air Force scientists, using a Navy ship for their transportation, are currently conducting the first tests ever made to obtain data on the atmosphere at high altitudes over arctic waters.

Scientists from the Air Force Cambridge Research Center are now aboard the U.S.S. Rushmore in the north Atlantic, where they will supervise launchings of Nike-Cajun rockets to discover properties of the arctic atmosphere at altitudes up to 100 miles above the earth. The work is for the Air Research and Development Command.

The scientists findings will be of value to similar land based rocket launchings scheduled for the forthcoming International Geophysical Year. It is also expected that the data will contribute to design considerations for satellite vehicles and other high altitudes aircraft.

Project scientist for the joint military undertaking is Mr. Raymond A. Minzner, of AFRC's Geophysics Research Directorate. Minzner, who lives at Seven Oak Hill Drive, Arlington, is now aboard the U.S.S. Rushmore. He heads the directorate's Photochemistry Laboratory, and is one of the nation's leading experts on the upper atmosphere.

Also aboard the Rushmore is 2nd Lt. C. Stark, of 119 Varnum Street, Arlington. Stark, also assigned to GRD, is in charge of rocket firing and coordination activities. His service career has been devoted to the development of rocket vehicles.

The naval vessel left Norfolk, Virginia in late October, and is following a northerly course through the Atlantic which will take it as far as Sondrestrom Air Force Base, Greenland.

The Nike-Cajun is a rocket developed after several years of research by Air Force and Naval scientists. A slender rocket, nearly 20 feet in length, it utilizes the "two-stage" principal for its launching.

The first stage is a Nike booster, similar to the rockets used for Air Defense on the perimeters of American cities. The second stage is the Cajun rocket, which was developed to give a more mobile, less-expensive upper air research vehicle.

Both stages of the system use a solid-propellant fuel, making the rockets much easier to handle than those using liquid fuel.

A mobil launching platform, mounted on the deck of the Rushmore, is used to send the research rockets to heights of around 100 miles.

Without the ship as a vehicle, tests of the arctic atmosphere at various latitudes would not be possible, because there are no strings of land-based launching sites now in existence.

IGA FEATURES ROTISSERIE

Anyone looking for barbecued turkey or chicken for that Thanksgiving treat will be interested to learn that the IGA Foodliner, about a mile from Pinehurst in Burlington on Route 3A, has the largest rotisserie in New England.

The management announced this week that orders for the barbecued turkeys or chickens are now being accepted and all requested will

be handled by the Foodliner. The Foodliner's rotisserie is something new in the supermarkets of this area, and IGA's officials are happy that they are the first to introduce the apparatus to local people.

Turkeys and chickens can be purchased piping hot and will stay warm for about two hours after purchase, the management announced.

The Foodliner and its huge shopping and parking facilities is fast becoming a popular place for Billerica residents to do their weekly shopping. Air conditioning and

hours till nine every night also lead to the convenience of the customer.

Have you ever showed the fire chief where the nearest water is? One farmer lost all his buildings though a big well was right close by - but unknown to the department, and the owner away.

Would you believe anyone could be so crazy! A mother poured gasoline into the range to speed up the fire. She is gone, and so are four little folks.

Never burn leaves on a windy day, either inside or outside.

RED-BREASTED MERGANSER

In fresh or brackish waters more commonly near the sea may be seen usually small flocks of duck-like birds often conspicuous be-

**RED-BREASTED MERGANSER**

cause of backward pointing crests. The birds measure about 2 feet in length and have a wingspread of nearly 3 feet so they are slightly smaller than a Mallard and

larger than the Bluebills. The drake superficially seems to be conspicuously black and white at a distance. The drake's head is greenish black. The female of the Red-breasted Merganser is gray to brown with a reddish instead of a greenish head and both show conspicuous white wing-patches in flight. In each, the bill and feet are red or reddish. The bill is slightly hooked at the tip and shows toothlike structures along the side.

Red Breasted Mergansers swim and dive with remarkable skill and are at their best on and under the surface of the water. It seems difficult for them to take flight and they may awkwardly cover many yards of ground or water before getting into the air and once there seem to prefer to fly close to the water's surface. This is even more difficult when they have no helping wind into which they may direct their efforts.

Redbreasted Mergansers breed from the arctic regions of Alaska to Newfoundland and south to southwestern Canada and northern, eastern & central United States. They winter south along the coast to the border of Mexico and into Lower Califor-

nia. They are also found in Asia south into India and in Africa.

Unlike related American mergansers, or "shell-drakes" as they are often called, the Redbreasted Merganser builds its nest on the ground rather than in trees. The nest is near a waterway and is hidden by vegetation and has a feathery lining. The 6 to 12 eggs are creamy brown and 2.1-2 by 1.3-4 inches in size. The are incubated for 28 days by the female but both male and female assist in caring for the young. The younger birds molt from March through July while the old birds molt from September through November. There is but one annual brood.

We are inclined to judge most forms of life by the food they eat. Since the Merganser of Fish Duck feeds on fishes large and small is only natural that the habit may raise the ire of human beings, who wish these fishes for themselves. A battle royal rages now and then in the popular sporting journals about the merit of these birds. However the considered judgment of ornithologists in general is that while they may be destructive in fish hatcheries they normally do comparatively little damage in the wild. Unfortunately they have no food value themselves and probably their only claim to protection lies in the pleasure they give to those who enjoy seeing nature as it is.

The National Wildlife Federation is glad to call attention in its stamp series to this bird, feeling that an informed public in the long run will reach a sensible conclusion as to the value of this member of our fauna.

CHANGES IN YOUR SOCIAL SECURITY
by Ethel Ellopoulos
(Manager of the Lowell Social Security Office)
When farm and ranch em-

ployees were first brought under social security in 1950 coverage under the old-age and survivors insurance program was restricted to those workers who met a rather strict and complicated regularity-of work test.

The 1954 amendments changed the above test. The regularity-of-work restriction was removed and replaced by a cash wages test. Through 1956, if a farm employee is paid as much as \$100 cash wages by any one farm employer in a year, his earnings are creditable for social security purposes and should be reported by the employer to his social security account.

This year a further change has been made in the coverage test for farm employees. Under an amendment which will become effective beginning with 1957, farm work will count toward social security benefits if the worker meets either of two conditions. (1) If the farm employer pays him \$150 or more in cash during the year; (2) if he does farm work for an employer on 20 or more days during a year for cash pay figured on a time basis (that is, on some unit of time such as an hour, day or week), rather than on a piece-rate basis. For the \$150-a-year test, both piece-rate pay and pay based on a unit of time count and the total number of days worked does not matter; for the 20-day test, the total amount of cash pay is not a consideration so long as farm work is done for one employer on 20 or more days for cash pay.

The 1954 law did not cover agricultural work performed by workers from Mexico hired under contract or by foreign workers lawfully admitted from the British West Indies on a temporary basis.

Under the 1956 amendments, service performed by foreign workers admitted to the United States on a temporary basis to perform agricultural work from any foreign country will not be

covered by the law after 1956.

If you are a farmer or a rancher, or if you gain a livelihood in any kind of agricultural or horticultural work, either in employment or self-employment, the social security law as newly amended is important to you and your family. It is well to realize that this program of social insurance is now three-fold -- it provides old-age benefits for men at 65 and for women at 62; it provides survivor protection for young wives and minor children and to aged parents and dependant husbands; it provides benefits to the insured disabled worker after he reaches age 50. These and other changes in the

law which affect the working population and the nation's families in general are described in special leaflets available at any district office of the Social Security Administration. As a farmer, or a rancher, they will be of interest and importance to you.

MORE HUB CAPS STOLEN

On Friday, Nov. 9, it was reported to police that two hub caps were stolen from a 1954 Studebaker sedan parked at the railroad station. Owner of the vehicle is Rena Cummings of Billerica.

Sergeant Sidelinker investigated the theft.

and bottomlands of southeastern United States may boast a beautiful iris that may to some rival the Blue Flag of the wetter marshlands. The range of this attractive flower extends from the District of Columbia west to Indiana and Missouri and south to Oklahoma, Arkansas, Mississippi, Alabama and North Carolina.

While the possibly better-known Blue Flag may reach a height of 3 feet or more, our subject, the Crested Dwarf Iris, rarely exceeds 6 inches in height. It is therefore most appropriately named as a dwarf iris. The flowers of the Crested Iris are daintily colored and rather fragile in appearance. The flowers are pale violet. The crested character which appears in the name stems from the nature of the broader outer divisions of the flowers.

The leaves of this splendid plant may be to 9 inches long and about 1-2 inch wide. They are flat, pointed, with unbroken margins and instead of standing erect may spread somewhat, thus reducing the total height of the plant. They may sheath the flowering stems which are themselves only to about 3 inches long and bear 1 or 2 flowers.

The fruit which is formed during early summer is pointed at each end, definitely triangular in cross section, about 1-2 inch thick and 3-4 of an inch long. It bears many flattened, crowded seeds.

The matter of cross pollination is effected by a rather intricate arrangement whereby the stamens are hidden under the spreading tips of the pistil. Insects probing to the base of the pistil for food find themselves dusted with pollen which they rub off on the

pistil as they leave but more likely when they visit another flowers and continue their search for a meal. It should be easier to investigate the pollination story of an iris by using the common Blue Flag or even some garden iris. Besides it seems a shame to destroy an attractive wild iris to learn a lesson which may be mastered for the most part by using grosser, more abundant flowers to be found in almost any garden in early summer.

As is the case with most irises, the underground part of the Crested Dwarf Iris is a substantial horizontal structure swollen at the end of a year's growth. This portion of the plant of course lives from year to year. It is relatively slender when compared with similar structures of other irises but this may be in keeping with the dwarfed character of the whole plant.

COMMONWEALTH OF MASSACHUSETTS LAND COURT

Case No. 23621 Misc. (SEAL) In Equity
To Arthur F. Bridges, Helen C. Bridges, of Tewksbury, Harold Soreff, of Lowell, in the County of Middlesex and said Commonwealth; and to all whom it may concern:

First Federal Savings and Loan Association of Lowell, a duly existing corporation, having an usual place of business in said Lowell, claiming to be the holder of a mortgage covering real property in said Tewksbury, situate on the Easterly side of Johnson Road, given by Arthur F. Bridges and Helen C. Bridges to First Federal Savings and Loan Association of Lowell by instrument dated June 4, 1953, recorded with the Middlesex County North District Registry of Deeds, Book 1225, Page 125, has filed with said court a bill in equity for authority to foreclose said mortgage in the manner following: by entry and possession and exercise of power of sale.

If you are entitled to the benefits of the Soldiers' and Sailors' Civil Relief Act of 1940 as amended and you object to such foreclosure you or your attorney should file a written appearance and answer in said court at Boston on or before the seventeenth day of December 1956 or you may be forever barred from claiming that such foreclosure is invalid under said act.

Witness, JOHN E. FENTON, Esquire, Judge of said Court this ninth day of November 1956.

SYBIL H. HOLMES, Recorder.

N-14

POLISH DANCE FESTIVAL A TREAT

By Billy Ricker
Last Sunday's folk dances on the Lowell Memorial Auditorium stage, sponsored by the Polish Vets organization,

was an excellent performance and an example of one of the great advantages of Lowell to Billerica residents. A good attendance in this large hall saw a cast of 145, featuring the Krakowiak Dance Group of Boston, perform about a dozen group dances typical of Polish life, including Spring sowing time, a harvest dance, a mountain dance, and the gentry's polonaise. Most colorful was a dance from the Plains, the mazur and the bialy mazur, done on three counts slightly faster than a waltz. Some modern designer is going to steal these designs of dresses and usher in a beautiful and colorful season in women's clothes, which is more than we can say always.

Highly popular were the Rangerettes, directed by the

Marshall Sisters, a baton-twirling line of girls, including a senior and a junior lineup. The Polish-American band not only played for the dancing, but also a medley of Polish songs; the pianist did much here and well.

A large list of patrons included Edith Nourse Rogers, who was presented a bouquet in appreciation of her efforts for the veterans and for the Polish nation, and many official, professional and business men of Lowell.

Lowell is characterized by strong national groups who carry on their own cultural activities in a way to enrich the community. This, of course works both ways; and if the younger people will choose as wisely and well from contemporary American

ways as their elders do from them from older ways, everyone will be the richer.

ACCIDENT ON LOWELL ST.

At approximately 4:30 p.m. on Tuesday, Nov. 6, an accident occurred at the junction of West and Lowell Sts., involving a truck and an automobile.

The truck was being operated by Anthony Rocco of South St., Tewksbury and the second vehicle was driven by John Sergeant of Fomarech Rd., Reading. Both operators escaped without injury, but slight damage was done to the vehicles.

Officer Morcier investigated the incident.

the Snapshot Guild

Don't forget to move in for some close-ups of individuals when you make your Thanksgiving movies.

Thanksgiving—With Movies at Home

Thanksgiving time is here again, and families all over the country will be observing the holiday in traditional style. And to most of us, "traditional style" means "family style" on this favorite of holidays.

Remember the poem about Thanksgiving Day we used to recite as youngsters? It went something like this: "Over the river and through the wood/To Grandfather's house we'll go..." Well, maybe you won't be going to Grandfather's house. Grandfather may be coming to your house—or you all may be gathering at Aunt Mary's or Cousin Bill's home this year. But the chances are the family will observe Thanksgiving by coming together to spend the day and share the feast that symbolizes a rich harvest.

At any holiday gathering, home movies usually make a hit—and Thanksgiving's no exception. Pleasantly relaxed after dinner—even if everybody's a bit too full of bird and brandied mince pie—relatives are anxious to get caught up on the family's activities since their last big get-together. A perfect way to accom-

plish this so that all may see some of the things you've been doing is to show a few reels of the movies you made while on vacation or at other times during the year.

Project a reel or two of a birthday party—a graduation or wedding—the youngsters' introduction to a new pet—a backyard barbecue that earned Dad his high bonnet. For this is the stuff of which happy memories and successful movies are made—the kind that every member of the family will enjoy seeing "in action"—as fresh and colorful as the day it all happened.

Besides bringing your relatives up to date on "family affairs," there's another way in which a movie camera can help you celebrate the Thanksgiving holiday. We're sure you've already guessed what we have in mind! That's right—we think it would be a fine idea to record just how you spend Thanksgiving Day this year at your house. A film of the highlights of this favorite home holiday will give permanent life to a happily shared occasion.

LOSE UGLY FAT

IN TEN DAYS
OR MONEY BACK

If you are overweight, here is the first really thrilling news to come along in years. A new & convenient way to get rid of extra pounds easier than ever, so you can be as slim and trim as you want. This new product called DIATRON curbs both hunger & appetite. No drugs, no diet, no exercise. Absolutely harmless. When you take DIATRON, you still enjoy your meals, still eat the foods you like but you simply don't have the urge for extra portions and automatically your weight must come down, because, as your own doctor will tell you, when you eat less, you weigh less. Excess weight endangers your heart, kidneys. So no matter what you have tried before, get DIATRON and prove to yourself what it can do. DIATRON is sold on this GUARANTEE: You must lose weight with the first package you use or the package costs you nothing. Just return the bottle to your druggist and get your money back. DIATRON costs \$3.00 and is sold with this strict money back guarantee by:

"TO MAKE THE BEST BETTER"

Are you interested in what the youth of our town are doing? Would you like to help? The 4-H clubs need you to help guide the boys and girls between 10 and 21 toward the development of good citizenship and healthy, wholesome character.

The 4-H was founded back in the early 1900's in order to educate the youth of rural areas in the more scientific methods of improving life on the farm and in the home. It has grown to such proportions that today the 4-H club idea circles the globe. In the United States alone there are over 90,000 4-H clubs. The reason for their success can be

attributed to the standards they adhere to, for a 4-H club member strives individually and with each other for better living, better family cooperation and better world understanding.

The 4-H colors are green and white. The white is for purity. The green is symbolic of youth life and growth. The four H's on the green clover represent: **Head**-to learn the value of science; **Heart**-to develop character, personality and good citizenship; **Hands**-to acquire useful skills; **Health**-to cultivate good healthy habits.

In our town the 4-H got its start back in the 1920's and is still in existence today, because of the numerous public-spirited men and women who volunteered their services to the youth of Wilmington to keep the principles of 4-H alive.

We have at present only 5 active clubs in Wilmington. Miss Barbara Nims has a Hostess Club which is helping young girls by training them in ways of cooking and serving food in the most appetizing and nutritious manner.

Mrs. Barbara Dayton has the Jolly Chefs, a group of young boys interested in both fundamental and fancy cooking. As for the Horse Clubs we have two in town. Mrs. "Midge" Dupras is the leader of The Trailblazers and Mrs. Helen Clarke has taken over the horse club formerly known as the Mounties.

Mrs. Dot, Mortelliti has the only craft club in town. They are known as the Busy Needles. These girls are learning to knit and crochet for themselves and their homes.

As you will most likely realize for a town as large as Wilmington there could be many more 4-H clubs but we lack leaders. If you have any talents no matter how small they may seem to you there are many boys and girls who would be only too glad to have you as a leader. Why not volunteer your services now. Call Miss Barbara Nims OL 8-4692.

Margaret Grassia of Chestnut Street was awarded the Leo Dougherty Trophy at the Middlesex County Extension Office on Thursday, Nov. 8. This trophy is given to the 4-H Horse Club member who has accumulated the most points in 4-H Horse Shows throughout the current year. After the presentation of the award Margaret invited those members who were present to her home for refreshments.

The 4-H clubs of Wilmington are going to have a Cookie Drive during the next two weeks.

There will be a party for all 4-H Members at the Vestry of the Congregational Church on Nov. 23 from 2 p.m. to 4 p.m.

ST. THOMAS' NEWS

There has been a change in the Mass Schedule. In the future, Masses on Saturday will be at 7:30 and 8:00 a.m.

We are now printing extra bulletins, one for each family. Please procure one on the way out.

Sunday's guest was Rev. Jacob Chakiamury, MA., S. T. D., J. C. L., Secretary to the Archbishop of Verapoly, India. Through the Archbishop's Missionary Cooperation Plan, one religious order a year is allowed to visit our parish.

Newly arrived families are asked to please show us the courtesy of your presence in the parish by leaving your name and address with one of the ushers.

Thursday, the annual C.D.A. banquet will be held at Villanova Hall. Nsg. William McCarthy of Ayer, State Chaplain of the C.D.A. will be the guest speaker.

Next Sunday is Communion Sunday for the girls of the parish.

On Tuesday, Nov. 20, the Annual Turkey Whist at 8:30 p.m. Any help you can give Mrs. Kelley and her committee in the meantime will merit our appreciation. Nov. 18 to 24, the Bishops' Clothing Collection. Any usable clothing, blankets, bedding and shoes may be left at Villanova Hall as a token to God for his blessings on our land.

Gratitude is expressed to Mrs. Annie Gallagher and all who volunteered to help her organize a new Sanctuary Society. And to all who helped inaugurate a Nylon Stocking Drive for the building fund.

The church will be open until 8:30 p.m. daily. Put on lights in the event none are on. Leave at least one on when you leave.

At the hall each organization using it should have one responsible to regulate the lights and heat, and see that the lights are out and the thermostat is down to 58 when you leave.

LOYALTY SUNDAY AT WILMINGTON METHODIST CHURCH

Sunday, November 18 has been set aside as Loyalty Sunday in the Wilmington Methodist Church. Each member and friend of the church has been cordially invited to share in the services of worship to be held next Sunday at 9:15 and 11 a.m. The Rev. Richard E. Harding will preach on the theme: "I Am In Debt," and Miss Yolandi Moe will sing Handel's "Thanks Be To Thee" at the 9:15 hour, and the Senior Choir under the direction of Mrs. Wilbur Staveland will sing, "Praise the Lord, O Jerusalem" by Mauder at the 11 a.m. service.

The fifty men of the church who will call in the parishioners home in the afternoon will take part in a service of dedication and Fred Seddon, chairman of the Advance Pledge Committee of the Every Member Canvass will make his report of these pledges.

At 12:30 p.m. all of the canvassers will gather in the vestry of the church for their dinner given by the Woman's Society of Christian Service. William Stickney and all of his workers have worked hard to make this the most successful Every Member Canvass in the life of the church and all indications are that the people of the church will not let them down.

MOTHER'S DEGREE TO BE GIVEN IN WILMINGTON HIGH SCHOOL AUDITORIUM NOV. 30

The Mother's Degree of The Demolay for Boys will be presented by the well known degree team from the Mother Chapter of New England located in Somerville, Mass. These boys have traveled over the state of Massachusetts putting on this moving and dramatic degree and come to Wilmington to share their work with the people here. James Davidson is in charge of arrangements, and the program is being sponsored by the Adult Fellowship of the Wilmington Methodist Church.

The presentation will be given on Friday evening at 8 p.m. in the High School Auditorium, and a group of talented persons will add to the evening program. Donations will be 50cts. for adults and 25cts. for children who also enjoy this program. Donations may be made at the door and the citizens of Wilmington are cordially invited to attend.

FINED AT WOBURN COURT

On Nov. 5, Pauline Mello of Shawheen St., Tewksbury was found guilty of operating without a license. Miss Mello was fined \$5.00 at Woburn Court. Officer Ellsworth prosecuted.

Build a stronger, richer life...

WORSHIP TOGETHER EVERY WEEK!

There's "food for thought" in a Thanksgiving Day visit to your house of worship

TODAY far too many of us think of Thanksgiving in terms of food and football—overlooking the fact that there is so much more food offered than that which is placed on the family table. For there is much "food for thought" as well.

Thanksgiving is a time to take stock of life's blessings . . . to take a bright-eyed child on your knee and talk to him quietly of things that really matter . . . of his great American heritage and the promise it holds for him. It's a time to take your whole family to your church or synagogue for an hour of prayer and

thanks that will make your holiday mean so much more.

True, our lives are far removed from those of the Pilgrim Fathers. We live in the uncertainty of the Atomic Age. But we also live in the abundance of 20th Century America. Has any one of us so much or so little that he cannot find room or time in his heart for thanks?

This Thanksgiving, why not take your family to your church or synagogue? Wherever you are . . . whatever your beliefs may be . . . take time to offer your word of thanks.

CENSUS BUREAU TO OBTAIN FACTS ON SCHOOL ENROLLMENT

Questions on school enrollment will be asked in addition to the regular inquiries on employment and unemployment in the Oct.

Current Population Survey, according to Supervisor Joseph F. Downey of the Census Bureau's field office at Boston, Massachusetts which will participate in the survey. Similar questions on

school attendance last year revealed that about seven million more persons, 5 to 29 years old, were enrolled in school or college in October 1955 than in October 1950. About 37.2 million persons 5 to 29 years old were enrolled

at the beginning of the 1955-56 school year. This number represented a 23 percent gain over the 30.2 million enrolled five years earlier.

Kindergarten enrollment increased very rapidly (by 52 percent) between 1950 and 1955, the survey showed. Elementary school enrollment increased 24 percent, and high school enrollment 19 percent. College enrollment declined during the early years of this decade, but by 1955 it had increased to a level above that of 1950.

The Current Population Survey will be taken locally and in 329 other areas of the country during the week of October 15. Information will be collected locally by a properly identified Census enumerator of the Boston District Office.

you have a Steinmetz.

Put him in the grease pit of a locomotive round house and you have a Walter Chrysler.

Make him a second fiddle in an obscure South American orchestra and you have a Toscanini.

—LET LIFE CHALLENGE YOU!

Our humanity is not our weakness but our strength. The two greatest words in the English language are "I CAN."

Medics Battle Arthritis and Anxiety

The farmer, factory worker or active housewife—prime victims of the great crippler, rheumatoid arthritis—often suffer as much from the anxiety and apprehension associated with the disease as they do from the ailment itself.

The arthritic, partially immobilized by the disease, finds he can no longer carry the full load required of a parent and family head.

The sufferer often increases his burden by worrying about the crippling of an arm or leg, about the forced reduction in his daily workload and about the future.

Although scientists have not determined the cause of arthritis, nor found a cure, they have discovered that certain chemicals can relieve the symptoms of the disease. For many years aspirin was the only available drug which gave any help. Then it was found that certain hormones, cortisone and hydrocortisone, could produce dramatic relief of symptoms.

Only last year scientists discovered two new chemicals which provide as effective relief as the older compounds, but without the serious side effects which sometimes occur. One of these, prednisolone, was found to be three to five times more potent

than cortisone or hydrocortisone.

Recently, prednisolone has been combined with the new, anti-anxiety drug Atarax in a single tablet designed to control both the symptoms of arthritis and the attendant anxiety and apprehension.

With this combined medication, called Ataraxoid, there is new hope for victims of rheumatoid arthritis—the most common of the rheumatic diseases. Physicians report that one or another of the arthritic diseases afflicts up to 97 per cent of all persons past 60. Rheumatoid arthritis strikes most often during the third or fourth decade of life—when a man is most active in his life's work. The outlook for the patient is most promising, physicians declare, when proper treatment is begun early.

"I CAN "

When a man is determined, what can stop him?

Put him in a prison cell and you have a John Bunyan.

Bury him in the snows of Valley Forge and you have a George Washington.

Have him born in abject poverty and you have a Lincoln.

Load him with bitter racial prejudice and you have a Disraeli.

Afflict him with asthma until even as a boy he lies choking in his father's arms and you have a Theodore Roosevelt.

Stab him with rheumatic pains until for years he cannot sleep without an opiate

DANCING DAMASK

From gay Paree comes this cocktail ensemble by designer Jacques Heim. Woven cotton damask, printed in a grey and white paisley pattern is used in the strapless dress with short-sleeved bolero.

COTTON ON PARADE

A Parade of International Fashion is being staged in Australia during Olympic Year. British Designer Digby Morton uses a jacquard woven coat in an all-over design for a slim dress and coat. The ensemble reflects the informal elegance which characterizes the best dressed Australian woman.

WHO WILL BE THE NEXT MAID OF COTTON?

Patricia Anne Cowden, the 1956 Maid of Cotton, poses against the Paris skyline while on her international tour. The big question now is, Who will succeed Pat in her role as fashion and good will emissary for the cotton industry? The 1957 Maid of Cotton Contest is officially open. To be eligible, a girl must have been born in a cotton-producing state, must be between the ages of 19 and 25, must be 5 feet 5 inches tall, and must never have been married. Application blanks may be obtained from the National Cotton Council, P. O. Box 9905, Memphis, Tenn.

THINGS TO TALK ABOUT

BY FRANKLIN J. MEINE

Editor, American Peoples Encyclopedia

IN WHITTIER, IOWA, A LAMB WAS BORN BALD. ITS OWNERS KNITTED IT A SWEATER.

Small boys fishing in the Seine caught a metal sphere containing 20 letters addressed to Parisians besieged by the Prussian Army 85 years ago.

Historian John Shelton says that Lady Godiva, who would have been 60, did not ride unclothed through the streets of Coventry 913 years ago and, that there was no Peeping Tom. Coventry city officials were unmoved. "The legend has lasted 900 years. We will continue to have Godiva processions," they said. The story had helped to make Coventry a mecca for tourists.

Flying high and shooting true, the crack shot fighter squadron team (VF-112)

stationed at the Naval Air Station, Miramar, California, won the title of "The Navy's finest aerial gunners" in the first Navy Fleet Air Gunnery Meet. Miramar's

VF-112 topped the five other teams at both 15,000 and 25,000 feet to win the Earle Trophy, which will be presented annually to the winner of the Fleet Gunnery Meet.

Porch Window Broken

At approximately 5:30 on Nov. 7, Jack Hamilton of Hopkins St., reported to

police that someone had thrown a stone through his porch window.

Officer Cuoco and Deputy Hoban went to the scene, but found no one about.

TOWN HALL CONFUSION

The recent confusion at the special town meeting was a direct result of a fault in the thinking of our town fathers that is becoming more and more evident as time passes. This latest incident, the lack of briefing on the particulars of the Urban Renewal Program before the matter was brought before the town, should, once and for all, convince the board of selectmen, and the town manager, that the people of Wilmington, in 1956, are not having anything "stuffed down their throats".

It has been increasingly apparent at meeting after meeting, that people today are better informed of civic affairs than in years past. It was common at meetings of only a few years back, that a handful of leaders in the town were usually the only ones to speak up at meetings. If a subject were not of interest, or if they wanted it passed quietly, few were present to speak up and ask questions, or those who did were "nuts" or "radicals". Not so today. From every row of the auditorium, from every walk of life, from every age group came question after question. Thinking people, those who have been told to get out and vote. But the person today who gets out and votes, wants to know WHY. Gone is the day of "as a favor to me" or "because I'm an official, and therefore may do your thinking for you." Today education is taken for granted. It is a rare soul who respects the authorities because they can book-read. Today the majority of people realize that officials of a town are merely other human beings, with the same foibles as the rest of the inhabitants of a town, and that all who run for office are not dedicated to the better government of the town. There are always those attention seekers who merely wish to be in the public eye, and don't care too much about how they get there, and how they stay there. Pitiable as it is, a fact of life that is constantly with us. Those who enter the field of politics for their own gain, are the scourge of good government.

The question is still being asked, "Why the Secrecy?" What possible harm is there in letting the facts be known if there are no "angles"?

Occasionally there is good reason for secretiveness. Land speculation is one of the best of these. There are always those who will go to any end to profit themselves at the expense of the town. Those are understood, and publicity has been held off.

But too many things are allowed to be by the board because no one knows about them in time to do anything. When people active in committees in town hall, people who know what is going on, back up the proponents of open meetings, there must be a good reason.

All men make errors; big men do not get involved in a tangle of half truths, and then hide behind a cloak of secrecy.

Playing favorites has never paid for politicians. Public opinion has never allowed it for long. Feeling is changing, and the results will be interesting to watch.

WHAT'S THE SCORE?

Little League baseball scores high with youngsters in America, Canada, Alaska, Guam, and France. Some 500,000 boys, between the ages of 10 and 12, in the United States alone participated in more than 4,200 leagues this year. These two boys, clad in cotton flannel uniforms, typify the seriousness with which the young sportsmen take their baseball. The majority of Little League uses cotton flannel uniforms for comfort and durability.
